

“Provider Advocate” is a newsletter published by Rockport Healthcare Group. We hope you find the information helpful and easy to understand. In this issue, we include information on “Our Company”, “Latest News”, “Web Updates”, “New Business”, and Rockport’s “Provider Services”.

<u>OUR COMPANY</u>	<u>LATEST NEWS</u>	<u>UPDATE</u>	<u>PROVIDER SERVICES</u>
<p>Rockport Healthcare Group (Rockport) is dedicated to developing, operating and managing networks consisting of healthcare providers and medical suppliers that serve employees with work-related injuries and illnesses.</p> <p>Commitment</p> <ul style="list-style-type: none"> Maintain, update, and distribute accurate information on each and every provider that is directly contracted by us or is accessed through our network partner relationships. Demonstrate, educate and offer – each client and their customer – referral products and services that encourage, enable and guide their injured workers’ to our providers. Provide clear, concise and accurate PPO repricing information and assistance in facilitating payment to the contracted rates and provide resolution to reimbursement problems in a timely manner. <p>National Network Growth</p> <p>Rockport United Network currently consists of over 680,000 healthcare providers located in 48 states. Rockport markets its network to employers, insurance carriers, third party administrators, and managed care organizations, collectively referred to as Rockport “Clients”. Our Clients take advantage of lower medical expenses by using Rockport’s participating providers. In return, our providers see an increase in their business by our client’s use of our referral products and services to refer their injured employees to our network providers.</p> <p>Rockport has a unique strategy in providing the most comprehensive work-related injury network across the country. We not only contract directly with healthcare providers and credential these providers, but we have identified and entered into network strategic alliance agreements with state and/or regional PPO networks (Network Partners) to offer a singular national network known as Rockport United Network.</p>	<p>Certified Network Updates</p> <p>Florida</p> <p>Rockport maintains its statewide certification in Florida for all 67 counties. Currently, Rockport serves various customers that have certified MCAs in the state. Rockport files with AHCA on a bi-annual basis and meets the coverage, education and credentialing requirements to offer its network to payors interested in a certified MCA.</p> <p>Georgia</p> <p>Rockport received certification for all 159 counties in Georgia. Rockport is only one of two national networks certified statewide. Rockport sought certification in Georgia to meet several of its clients requested needs.</p> <p>Kentucky</p> <p>Rockport maintains its certification in Kentucky for all 120 counties. Rockport serves several of its customers as their certified network for their MCO, statewide.</p> <p>Missouri</p> <p>Rockport, through its acquisition of the CCO network in Missouri, is certified in 107 counties across the state. Rockport’s Springfield office continues to expand the network to meet its growing customer base across the state.</p> <p>Texas</p> <p>Rockport along with its customer, Forte is a part of a 144 county certified TX HCN – CompKey Plus Network. CompKey Plus Network serves various customers in a certified arrangement. Rockport filed for its direct certification in TX under Rockport SelectHealth Network and is awaiting TDI’s approval this Fall.</p>	<p>Rockport’s Web IT team has made some helpful updates and changes to our website. We have added a page for our providers to allow them to update their information “UPDATE ONLINE”.</p> <p>Providers may go on-line and update their demographics or provide us a new location or physician within the group for us to update our directories and referral products.</p> <p>Finally, we have added a “USEFUL RESOURCES” page that gives our providers a quick link to state agencies, treatment guidelines, and OSHA.</p> <p>We hope these changes to our website assist your practice, staff and physicians. To get to our website, just go to:</p> <p>www.rockporthealthcare.com</p> <p>Update.....</p> <p>Rockport is pleased to announce the recent customer additions:</p> <p>The Commonwealth of Virginia</p> <p>State of Tennessee</p> <p>York Risk Services, Inc.</p> <p>ESIS, select states</p> <p>Stratacare – City of Los Angeles, State of Arizona</p> <p>East Coast Risk Management</p> <p>Wells Fargo - Health Smart Casualty</p> <p>Key Risk, select states</p> <p>Tracker Supply Company, select states</p> <p>Bunch & Associates, Raanstadt, Staffing and Aramark,</p> <p>Rising Medical, Arizona State Fund</p> <p>Health Systems International</p> <p>Healthcare Solutions, Inc.</p>	<p>Network Development</p> <p>The network development team that developed a relationship with you during your decision to participate in Rockport United Network is always available to assist you with current updates or provider relation matters.
